I'm thinking about becoming a stripper. Yes, at my age. I've still got the body and appetite for it, but I have to admit my moves are a bit rusty. I was a go-go dancer in the late Seventies, but stripping is a bit intimidating. So I invited my good buddy, Jeff, to be my guinea pig. So Jeff has come over and I tell him to sit on the sofa because I have a surprise for him. My first lap dance!

June

I did my little dance for him  
– three times. Each time  
he had some good pointers  
for me and I was a quick  
learner. But in the end, we  
got a little carried away. It  
was my fault. I just couldn't  
keep my pussy lips closed.

Once I showed him pink,  
my dance was over. Then it  
turned into a sexual skirmish  
that I think I won. It got us so  
hot that we couldn't control  
ourselves. Even at that, I  
have to admit it was one  
very fine fuck.

**Dear Stephanie,**

I would really like to talk to you. I have the hots over you. I love your body, but I am really nuts over your boobs. I also want to tell you how much pleasure I've received from your pictorial in **50+** magazine.

Would it be possible to receive some photos of you from time to time. I dream of you sucking my cock and I would launch tons of cum on the pix. I have creamed over you many times and I know there will be many many more. Since I probably can't fuck you, could you can send me hot, sexy photos (XXX).

Now I can cum just thinking about you. I am 5' 10" and seem to be the right size for you. We could establish a great relationship, even if it's only be mail. I want a really, really giant size photo (close up highly enlarged of your fabulous boobs). Do big, beautiful women with super-boobs fuck & suck better than smaller women. You could tell me in one of your letters. Please rush

### **50+ #64**

*Apparently readers couldn't get enough of our cover model, Stephanie Wylde. A sample letter is printed at left. But what got to us editors, is the amount of mail about her making it with a younger man. Many of the letters were from older women that either had the same experience or wanted to experience it. Such as...*

*"You go girl! I love fucking younger studs."  
 "My 25 year-old trainer was the best sex ever."  
 "I have a 29 yr. old boyfriend who can keep it up all night long. He's worn me out a few times."  
 "Don't listen to others Steph, do your own thing."  
 "Seeing you fuck a young guy was a real turn on."*

your reply with because I never felt this way before I saw your layout. The first photo set me on fire. and then the rest took me over the top. If I were dying, my last wish would be to suck your big beautiful boobs. I'm so hot over you as I write this letter, I hope I don't explode.

Please send me a giant highly magnified photo of your boobs right away, close up. I loved seeing that guy cream on you. With a big hardon for you, I remain.

– Willie B.

### **To the editors:**

I'm writing to offer an alternative solution to cure an ailing sex life. Get your wife to let you be the boss. You may think you are but read on...

My wife, Jackie, and I have been married for more than 25 years. After living a long time with a constantly declining sex life, I finally took over, and now I control our sexual activity. How? You ask. Well, it started months ago, after we

had a fight about, what else, sex. Jackie said she was tired of my constant complaining, and finally said, "OK, you be the boss. We'll do whatever you say, this time." She was surprised when I decided to take her up on her statement. And I think she was even more surprised to find that she liked it that way as much as I did.

So I found a way to make our sex life more exciting and get things done around the house. When she does any housework, like cooking dinner, or washing dishes, or even vacuuming, she must wear four-inch heels, a red lace teddie and nothing on underneath. Our agreement is that when I decide to grab her boobies or ask for a quick bj, she stops what she's doing while I have my fun. Just watching her is great, stopping her is even better.

With this new sexual understanding, we've done a lot of things we only used to talk and fantasize about. As a guy, I like watching football games on the weekend and now

all day Saturday and Sunday, she is at my beck and call. While sitting on the couch, Jackie gives me a blowjob as I eat potato chips and watch the game. Sometimes on her knees and sometimes on the sofa with me, it's one helluva way to watch the game.

Something that she never wanted to do was using a vibe or dildo. Because I'm now the boss, she finally agreed. We started out with a small vibe and then to larger ones. I used dildos on her and now we many different sizes, colors and a whole lot of batteries. And Jackie now loves them all. The last one she brought home was about nine inches long and very thick. I love pumping that monster in and out of her and she goes wild.

Another thing she has agreed to is to masturbate in front of me. She used to do herself when I was at work, she told me, but never as a part of our lovemaking. Now, I watch my wife in our bed with high heels on, fucking herself with a vibrator, and after she

cums a time or two, I'll join in with either a big dildo or my cock. Either way, there's a guaranteed climax for us both.

Now my wife is my play toy. We have sex all the time, or at least whenever I want it. Whatever I want, it's taken care of immediately. Be it a blowjob, handjob, quickie fuck, it's all up to me. I don't abuse the situation and she can say no (she has only done that once, but changed her mind within ten minutes). You don't need to look for another woman when you have an arrangement like mine, but within a couple weeks I'm going to test her by asking for us to try a threesome!

### Dear editor,

I just have to write you about the last Halloween party I just threw at my house. Halloween is my favorite holiday and I'm known around the neighborhood for throwing raucous parties, so in order to keep the neighbors at bay over the noise and crowds, I invite them all, and just about everyone of them shows up. Then there are the others. Office co-workers, friends of friends, and even the bank tellers and shop

owners I do my everyday business with.

The invite says the party starts at 9 pm, but a lot of them show up

early and many show up late, but either way, by midnight, it's a wild and lecherous scene. By then, almost everyone has had too much to drink. The pool is full of half- or totally-naked people and the house looks like a tornado ran through it.

My wife, Estelle, is a fox for 50+ years and loves to party. This year she was dressed as an astronaut in a skin tight silver bodysuit and boots, a

*Jerrie finds my wife's pussy again and now we're in a triangular daisy chain. We make each other cum several more times and fall asleep in the bed.*

NASA patch over her heart, her hair has been dyed silver and coiffed into a helmet and large transparent glasses as a visor. She has installed a drop down booty patch with a note on her back that says, "To see the moon, open hatch." Her costume is the hit of the party and her hatch was probably opened fifty times that night before she decided it was too much trouble and dropped her costume

completely.

But I digress. Around the block from our house is a small shopping plaza with ten small shops. One of them is a head shop that's owned by Jerrie, a baby boomer and ex-hippie who was left the shop after her husband died. Tonight, Jerrie was dressed as a nun. Habit hat and a cross hanging from her neck. As she came into the mouse, she passed

by me as I answered the door and whispered that she didn't have anything on underneath. Brushing her hand over my cheek and looking back at me as she passed, her signal was unmistakable. We first met her years ago when we were still smoking the stuff.

Jerrie walked through the house and back to the pool area where she found a group gathered around my wife, drunk and on exhibit. She was sprawled across two pool chairs with her butt in the air while someone shined a flashlight on it and describing it as different phases of the moon. Somehow Estelle notices Jerrie through all the people and wiggles her finger to invite her over. The crowd disperses and the two ladies each take a chair and start talking up a storm.

After a few minutes, they both get up and head for the house. I notice this through the corner of my eye and excuse myself from my company to follow them through the house and watch as they disappear into our bedroom. They close the door behind them and I give them fifteen minutes before making up an excuse to go into the bedroom.

"Oh excuse me!" I say as I open the door and walk in and find them sprawled on the bed with my wife between Jerrie's legs slurping on her pussy. "Don't mind me, I just have to pee." I say. Jerrie tells me to hurry up and join them. I go in and do my thing, wash up a bit and come out to the bed with my cock already hard from the scene in front of me.

Estelle stands up and pulls me onto the bed and pushes my head into Jerrie's mound as she moves up and straddles Jerrie's face, firmly planting her pussy on Jerrie's mouth. I'm licking her wet pussy as my wife dismounts and finds my cock and pulls it into her mouth. Jerrie finds my wife's pussy again and now we're in a triangular daisy chain. We make each other cum several more times and fall asleep in the bed.

We wake up about four in the morning, get dressed and go out to see what all the noise is only to find the party's still going. Just about everyone is drunk and there's a bit of hanky panky in every corner. Man, I sure can throw a party! Can't wait until next year. You're invited!

— Matt

Shannon

Do you like my outfit? I bought it for myself on my birthday. That was a special day. It was the five year anniversary of my divorce and I was going to celebrate big time. I bought myself champagne; a nice big vibrator; and a bright new sports car. It was the best time ever.

Guys just love it when I wear this outfit for sex. It works even better than lingerie. When you wear something sweet and lacy, they just want to rip it right off and get to it. When I wear this outfit, it tends to stay on a little longer. Not much longer, but a little and sometimes that's all it takes. Of course, the boots and collar do not come off, but the guys sure do!

Hello everyone. I'm about to get plowed by two big dicks and I can't wait. One's going to be in my mouth and one will be in my pussy. Then one will be in my mouth and one in my asshole. Then one will be in my pussy and one will be in my mouth. I'm going to try to keep track of all the different combinations and see which one gets me off the quickest. I'm not too worried about the guys, they always get off.

Rebecca

Take a long hard look at this page. If this doesn't get you off, then check your cock to be sure everything is okay. There are two cocks filling my ass and pussy. And they're fucking me as hard as they can. Yeah, it's hard to see in stills, so go to my scene at [5freedvd.com](http://5freedvd.com). Then if that doesn't get you off, then head right to the doctor!

*OUR WEEKEND GET-A-WAY TO METEOR CRATER WASN'T THE ONLY BIG HOLE I SAW*

I finished loading the RV as Miranda doused the campfire one last time to be sure it was completely out. We were trying to get an early start to our drive to Meteor Crater outside of Flagstaff, Arizona. It would be an easy drive from Zion, Utah and we were excited about seeing this huge hole in the ground.

I'm getting ahead of myself. The day prior, we were hiking along one of the isolated trails near our campsite late in the day. For a short time thought we were lost

but climbed over a ridge and saw the campsite some 300 feet below us. We were the only RV left as all the others left that day. It was kind of spooky all alone in the wilderness, but we were avid campers and knew that everything would be fine. Good thing too, because it was approaching dark. We got back to camp and I started a fire to warm us your a few hours before we retired. We settled in and cuddled reminiscing about our past few days here at the park. When we were sure we were all alone we decided we were not going to miss this opportunity to have some fun out in Mother Nature.

We stripped naked and let the fire warm our bodies. Miranda's beautiful body glowed in the fire-

*A damsel in distress need only call a competent, and well-hung, mechanic to get a flat tire fixed. In almost any case, payment should be bargained for, because all can cum out a-head.*

light. I was sitting on the blanket with a most obvious stiffie. Miranda sat a few feet away, the fire heating us up even more. I saw she was staring over the low flames at my cock. I looked down at where her crotch met the blanket and noticed a damp patch there. I looked up and found Miranda staring into my eyes. She smiled slightly and stood up slowly.

My breathing quickened when Miranda sat down in front of me. She reached out with one hand and

gently gripped my cock, then she slowly moved her hand over the length of it. My breathing quickened even further, and she gradually sped up her jerking motion. I took her hand signalling that I did not want to cum yet and gently pushed her back onto the blanket. We lay there for a while, her breasts pressed hard into my chest, while we kissed each other, flicking our tongues about each other's mouths. I ran my hands over her body, gripping her thighs, buttocks and breasts. Her nipples were so hard, I just had to pinch them and twist them between my fingertips. This elicited a more fervent suck, and a guttural noise in her throat. I withdrew my tongue from Miranda's mouth and raised my head. We must have exchanged a lot of juice because, all

*He leaves for the bathroom and to the sound of running water, I completely disrobe and lean against the counter waiting.*

come was spurting from her pussy! I couldn't believe it! After ten years together, I now discovered that Miranda was a squirter!

She melted back into the blanket and I stretched out beside her. She rolled over on her side, our bodies touching and I felt her hand at my throbbing cock. I moaned quietly as she began to stroke it and lifted her lips to mine in a very sensual thank you for such a great orgasm. We lay there as the fire slowly went out, the only heat now supplied by me as she stroked me to climax. We gathered our stuff and headed into the RV for the night.

It's now six the next morning and the sun's been up for about a half hour. We each managed a quick shower at the campsite and feel clean and adventurous. A quick fill of the gas tank on Route 89 and we're on our way. It's a beautiful clear, crisp day and about four hours later we pulled into a far corner of the parking lot at the site. Before heading out, we munched on bagels and cream cheese and had our morning glass of orange juice. We grabbed some granola bars, sunscreen and our cameras and took the long walk to the edge of the crater.

around her lips, down her cheeks and dribbling down her chin was a great deal of our saliva. We smiled at each other. I slowly progressed downwards, kissing her neck, between her breasts - stopping to flick from side to side - circling her areolas with my tongue. Then continuing over her flat stomach to her pussy.

I gently parted Miranda's legs and bent my head closer to her sweet, wet spot. From the sound Miranda made when my tongue touched her pussy, she was ready to cum. But I was not about to let her, just yet. I continued lapping away at her hot, wet pussy and the moans and breathy pants emitted from her mouth only excited me more. In the warm orange light of the dying fire, I could see her hips bucking at my face and I could see the various muscles in her thighs contracting rhythmically with my sucking and within a few glorious moments I heard Miranda cry out and, before I knew it, she was exploding! My face was drenched, and

The view was amazing. To think that a relatively small object made a hole this large is almost unbelievable. Grabbing some brochures, we walked down the pedestrian stairway to the observation platform that was built, and along with twenty or so others, gazed over the enormous hole before us. We could pick up bits of conversations and facts being bantered about. Cameras clicked and binoculars looked to bring the opposite rim closer for inspection. After about a half hour, we decided to walk the rim and check out some other vantage points. But we were really looking to ditch the crowds and find ourselves some privacy for more erotic picture taking.

Twenty minutes along the southern rim brought us to a cluster of rocks that looked just right. The sun was getting hotter and our clothes were making us hotter. We looked around and found ourselves alone and secluded. Quickly our clothes came off and I took my camera out in time to snap this pic of Miranda on her knees with my cock in her mouth.

*I looked back down at her and she opened her legs inviting me to taste her warmth.*

After I took a few such photos I put the camera down and proceeded to enjoy the fruits of our trek to this spot. The sun was beating down on Miranda's face as she sucked me, naked at the edge of this humongous depression in the earth. I watched as she licked my balls from underneath. Her head disappearing between my legs as she sucked each one in turn as one hand stroked my cock and the other pulled me deeper into her mouth.

I looked up every few moments to be sure we were still alone. After several minutes, she put my shirt over a large rock and I sat on it waiting for her sweet pussy to sit on me. Suddenly everything was washed out as the sun and the heat briefly got to me and I dizzied myself into another place.

Gradually, as the world came back into focus, Miranda was sitting on top of me, my dick was still hard and it was still in her pussy. Then I felt another strange sensation. I realized that Miranda's vagina was contracting around me. Her muscles continued to pulse as she pushed herself up and down, impaled on my cock. She slowly and gently rocked her hips back and forth, and in light circles. My hips thrust into her in response. It didn't take long for me to come. As I shuddered inside Miranda, her tits jiggled and bobbed slightly. It was an exquisite orgasm, a calm wave rippled through me as I spurted into her still throbbing pussy.

We switched places and she positioned herself with her back on the rock as I stood and looked around to be sure all was still private. I looked back down at her and she opened her legs inviting me to taste her warmth. When I did, I placed

my mouth over her clit and labia and sucked at her pussy. After several minutes of furious licking, sucking and fingering, she cried out that it felt so good and I should not stop. I continued finger-fucking her as she rode out her multiple orgasms. Wave after wave rode over her. When she was finally lying still, I sat up to survey the scene. I heard a rustling in the distance but did not fear anyone was approaching. I looked back down at Miranda and she looked even more glorious than when I first met her years ago. She was covered in sweat, so much so that she looked like she had just come from a shower, and her skin shone like silver and jewels from the bright sunlight.

We decided it was time to get dressed and get back to the RV. Hiking back along the rim, we passed a park ranger who asked us if we got a good look at the crater. We said we did and smiled. Passing him, Miranda unzipped my pants and put her hand in. Finding my cock, she massaged it as we walked and I was rock hard and ready to go again by the time we made it to the parking lot and into the RV. Our clothes were off before the door was locked and, well you know the rest... "Don't cum a-knock-in if the RV is a-rockin'!"

Whenever I want something, I go right after it, and there have been very few times that I have not gotten it. Today I feel really horny and I need me some young meat. Young and hung. I need to feel a big warm cock inside my pussy. It has to bang me hard because that is what I'll demand of it.

I'm headed out the door for the park. I think a nice group of guys are playing ball and I'm gonna get me one to play with me!

**Claudia**

Looks like I found me a good one. Tall, slim, young and hung. It was like he was expecting me. And his pubes are all shaved and clean. I especially like that. No hair to get caught in your throat. I remember years ago when men didn't shave down there. We women didn't really think much of it because a lot of didn't shave either. Now it's the new norm and I like it even more today. So guys, do yourself and your gal a favor. Clean it up down there and make her happy. She may go down a little more often. You never know (wink).

When my ex and I moved to Florida a decade ago, I never knew I would like it this much. I've always been a warm weather girl so it's still a lot like LA. What I don't like is the traffic and the humidity. What I do like are the men and the sunshine.

Here we are in January and I can fuck outside on my patio. What a great idea. I'll call Mark and invite him over for a Long Island ice tea and we can just kick back and have some fun. Now where is my damn cell phone?

**Becca**

It didn't take him very long to come over because I didn't have time to finish making our drinks. But I don't think it mattered. All that mattered is that he had a hard cock and I had a wet pussy. So what did we do with them? You'll have to close your eyes and just imagine because there's no way you're going to see us having hot unbridled sex. Unless you go to your computer and check out our video. These pictures don't count!
